Corn swayed with wheat. The precarious condition of much of the crop tended to prevent any radical weakness. After opening ½ to ½a ½ lower, a moderate reaction took place.

Oats had no independent action. Changes were governed entirely by the course of cereals.

Owing to the threatened railway strike, business in the provision pit was nearly at a standstill. About the only trading was in lard, which showed a tendency to sag in value.

Drama Seized by Bulgars.

The city of Drama, in northeastern Greece, has been seized by Bulgarians after a battle with the Greek garrison, telegraphs the Athens correspondent of the Matin.

The dispatch says that the Bulgarians captured three forts and took prisoner the Greek garrison of 120 men, and that a number of soldiers were killed. This news was confirmed, the correspondent adds, by refugees who have reached Athens.

Violation of Guarantee

Drama is one of the principal towns in northeastern Greece, seventy-five miles northeast of Saloniki, in the district east of the Struma river, which the Bulgarians have been occupying for the last fortnight. There have been other reports of fighting between Greeks and Bulgarians, but the French war office last Friday stated the Greek garrisons at Kavala and Drama were still in possession of the town and had not been attacked. It was announced at Athens last week that Germany and Bulgaria had given a written undertaking to Greece that their troops would not enter Kavala, Drama or
